

Let The Drummer Out Of Jail
[Music and lyrics: Tero Arteli]

Everything is ready,
all the practicing is done,
the gig's on a weekend,
then came a message from the jail.

Let the drummer out of jail,
let us play our gig allright.
Let the drummer out of jail,
and we can play our gig ok!
On a Saturday morning,
still waiting for our man,
can't go without the drummer
there is no news from the jail.

Let the drummer out of jail,
let us play our gig allright.
Let the drummer out of jail,
and we can play our gig ok!

The truck is now loaded,
and the engine ready to roll,
now the drummer walks down the road,
and joins us for the gig.

Let the drummer out of jail,
let us play our gig allright.
Let the drummer out of jail,
and we can play our gig ok!
