Three Days On The Road To Sturgis

[Music and lyrics: Tero Arteli]

We got sixteen Harleys and
The pickup truck,
we are outward bound to Sturgis
to have some fun.

Three days on the road and still good miles to go.

Old Panheads eat the road and still go strong,
even Sportys make it with no sign of fail.

Three days on the road and still some trip to go.

We enjoy that famous sound of thunder,
and cruising thru all towns to make our way.

Three days on the road and still some miles to go.

Out in Sturgis we will meet a lot of friends,
and have some party, booze and nice chicks.

Three days on the road and still some trip to go.

The sun is shining in these August nights,

looking forward to see our brothers there.

Three days on the road and still good miles to go.

Here it is, we arrived in Sturgis,
see all the these chicks and brothers in the bars.

Three days on the road and still few miles to go.

We got sixteen Harleys and The pickup truck,
we are outward bound to Sturgis to have some fun.

Three days on the road and still good miles to go.
