

I'm Drunk

[Music: Jarmo Pitkänen, Lyrics: Tero Arteli]

I can't remember nuthin' 'bout last past week,  
or many other weeks of my life.  
Booze is kickin' my ass in so deep  
So I can't even remember that I have a wife.

I'm drunk – I'm drunk

I've been messin' with the booze so long,  
i've been drinkin' all my life as long as I know.  
Everything got going so fucking wrong,  
so now there is just bottles in a row.

I'm drunk – I'm drunk

Here I'm sittin' in the corner of a bar,  
and staring to my glass and having so much fun.  
I'm gonna fall down, it's not that far,  
and I hope i'll wake up with the sun.

I'm drunk – I'm drunk

I can't remember nuthin' 'bout last past week,  
or many other weeks of my life.  
Booze is kickin' my ass in so deep  
So I can't even remember that I have a wife.

I'm drunk – I'm drunk
