I'm Drunk [Music: Jarmo Pitkänen, Lyrics: Tero Arteli]

I can't remenber nuthin' 'bout last past week, or many other weeks of my life. Booze is kickin' my ass in so deep So I can't even remember that I have a wife.

l'm drumk – l'm drunk

I've been messin' with the booze so long, i've been drinkin' all my life as long as I know. Everything got going so fucking wrong, so now there is just bottles in a row.

l'm drumk – l'm drunk

Here I'm sittin' in the corner of a bar, and staring to my glass and having so much fun. I'm gonna fall down, it's not that far, and I hope i'll wake up with the sun.

l'm drumk – l'm drunk

I can't remenber nuthin' 'bout last past week, or many other weeks of my life. Booze is kickin' my ass in so deep So I can't even remember that I have a wife. l'm drumk – l'm drunk
