Stolen Moments

[Music: Jarmo Pitkänen Lyrics: Tero Arteli]

All the way south, that I can go,
I will travel with a train.
Memories rush in my mind
Like all stations that I passed by.
but I will go on.

I was so young, and You even younger,
and we were so so in love
It was in east and we crossed to west
with a train, like I'm just now
but I will go on.

I don't know what ever happened
You just disappeared, and I'll never find You,
Stolen moments come to my mind
and maybe I travel here freight cars rest of my life,
but I will go on.
