

I Wanna Die In Summertime  
(Tero Arteli)

I was born in dark autumn  
And I hate that time of year,  
I like always see the sunshine  
And I love the lightly nights.

I hate when it gets the autumn  
And I don't like a winter time,  
I hope when my time is full,  
It's not in the dark time of a year.

I wanna die in summertime,  
But when i'm old enough.  
Don't burry me in winter,  
I hate that time of year.

I wanna die in summertime,  
But when i'm old enough.  
Don't burry me in winter,  
I hate that time of year.

When it's again the springtime,  
I wake up and start a live,  
I love to see a sunshine,  
I love to feel the heat.

Everything get so green  
And the singing birds are here  
Blue sky and the sun, please,  
When it's my time to go.
